

**SUPPORTING PROGRAMS OFFERED
BY DRIVE SAFER**

Drive Safer works with schools in various ways to help them get the message out about teen safe driving and distracted driving. Specifically, we have several FREE educational outreach programs that work with schools such as yours to bring expert instructors into your classes (or auditoriums) as guest speakers.

SUPPORTING PROGRAMS OFFERED

DRIVESAFER

► FOR STUDENTS

THE KEYS TO CONTROL

An Interactive Classroom Lecture on Car Control and Vehicle Dynamics

In this program, we introduce the students to WHY the vehicle does what it does, the physics behind it and offer some information as to how to properly “TELL” your car what to do, using the various control inputs.

Format: Interactive Lecture

Length: 40 minutes - 80 minutes

Number of Students: up to 150

THE KEYS TO CONTROL

An Interactive Assembly on Car Control and Vehicle Dynamics

The information included in this presentation is similar to the lecture, but geared towards larger groups. Generally, we would perform this presentation for an entire class (i.e. junior class, senior class, etc.)

Format: Interactive Assembly

Length: 60 minutes - 80 minutes

Number of Students: 150+

► FOR PARENTS

THE KEYS TO CONTROL FOR PARENTS

An informative overview of the rules, regulations, tips and tricks on how to be the most effective parent teacher of driver's education to keep your kids and your community safe.

Format: Interactive Lecture / Discussion / Q&A (during evening hours)

Length: ~60 minutes - 75 minutes

Number of Parents: Any

SHARE THE KEYS

This is an interactive orientation for parents and teens designed to reduce teen driver crash risk by increasing parental involvement.

Format: Interactive Lecture and workshop (during evening hours)

Length: ~90 minutes

Number of Parent/Student pairs: Any

SKID CAR DEMONSTRATIONS

We will bring the Drive Safer SKID CAR to various schools and other venues and perform some demonstrations for students to see how critically important car control is. An Instructor will drive the SKID CAR at very slow speeds, while another Instructor is speaking to the students explaining the maneuvers and illustrating why car control and understanding the art and science of driving is critical to survival behind the wheel.

Format: Standing assembly in parking lot (school, municipal center, etc.)

Length: ~90 minutes

Number of students: up to 150

SCHOOL FUNDRAISING PROGRAMS

In order to help various organizations in (and around) high schools raise funds for projects (Project Graduation, Proms, Athletic Equipment, etc.), Drive Safer has a program that rewards these fundraising groups for promoting our Teen Car Control and Defensive Driving events. We typically work with PTA/PTO/Athletic Boosters/Music Boosters to roll out these programs.
